WAR TAXES

On April 15, 1915, the Special War Revenue Act became effective as follows;

WAR STAMP TAX ON LETTERS AND POST CARDS

A "War Tax" 1c. Stamp, in addition to the ordinary postage, must be affixed to each letter and post card mailed in Canada, for delivery in Canada, the United States, and Mexico; also on letters and post cards mailed in Canada for the United Kingdom and British possessions, or wherever the two-cent rate applies.

Failure on the part of the sender of a letter or post card to comply with the above, such letter or post card will be sent to the dead letter office.

Wherever possible and procurable, stamps on which the words "War Tax" have been printed should be used for prepayment of the "War Tax," but should ordinary postage stamps be used for the purpose they will be accepted.

The "War Tax" Stamp should be affixed to the upper right-hand portion of the envelope or post card. Circulars, catalogues, newspapers, and parcels are not subject to the "War Tax."

WAR STAMP TAX ON CHEQUES, SAVINGS DEPARTMENT RECEIPTS, BILLS OF EXCHANGE, PROMISSORY NOTES, ETC.

Cheques issued on Current Accounts.

Receipts and **Cheques** issued on Savings Department Accounts.

WAR TAXES—*Continued*

Bills of Exchange and **Promissory Notes** delivered to a Bank **must have a two-cent Stamp affixed** when drawn for an amount of $100 or less **and an additional two-cent stamp** on every $100 or fractional part in excess of $100.

The **Issuer** of a Cheque or Bank Receipt must affix the stamp before payment can be made.

The **person who delivers** a Bill of Exchange or Promissory Note to a bank must affix a stamp before delivery.

Telegrams and **Cables.** A "War Tax" of one-cent is to be paid on all Telegrams or Cables.

Express and **Money Orders.** A "War Tax" of two-cents is to be paid on all Express and Money Orders.

Postal Notes. A "War Tax" of one-cent is to be paid on all Postal Notes.

Stock Transfers. A stamp tax of two-cents must be paid on each share of stock transferred.

The Special War Revenue Act also covers Railway Steamship and Ocean Tickets; Sleeping Car and Parlor Car Tickets; Proprietary or Patent Medicines; Perfumes and Wines.

As the Tax on the above list varies according to the amount involved it is impossible for us to print the clause in detail. All items mentioned are, however, subject to a tax and the purchaser is liable for same.

Rates of Postage (See War Taxes)

POST CARDS—Canada, Mexico and U.S., 1c. each Great Britain, Newfoundland, and other Postal Union Countries, 2c. each.

EUROPE, &c., limit 12 oz.; size, 1 ft. by 8 in. in width by 4 in. in depth, 2c. per 4 oz.; 1c. each additional 2 oz.

U.S. limit, 12 oz.; size, 1 ft. by 8 in. in width by 4 in. in depth, 2c. per 4 oz., and 1c. each additional 2 oz.

Eclipses, 1923

In the year 1923 there will be four eclipses, two of the Sun and two of the Moon.

I. A Partial Eclipse of the Moon, March 2, 1923, visible at Toronto; the beginning visible generally in Western Asia, Europe, Africa, the Atlantic Ocean, South America, North America except in the extreme northwestern part, and the eastern part of the Pacific Ocean; the ending visible generally in Europe, Africa except the eastern part, the Atlantic Ocean, North and South America and the Eastern part of the Pacific Ocean.

Moon enters Penumbra March 2nd. 8.13 p.m; enters Umbra 9.28 p. m; middle of eclipse 10. 32 p. m; leaves Umbra 11.36 p. m; leaves Penumbra 51 min. after midnight, Eastern Standard Time. Magnitude 0. 376.

II. An Annular Eclipse of the Sun March 16-17, 1923, visible in the Southern half of S. America and Africa. The path of the Annulus commences near the straits of Magellan and crosses the Atlantic ocean to S. Africa thence to Madagascar ending in the Pacific ocean a little east of that island:

III. A Partial Eclipse of the Moon, August 26, 1923, the beginning and ending visible generally in N. America except the extreme north eastern part. The Moon enters the penumbra August 26, 3.12 a.m; enters the umbra 4.52 a.m., middle of eclipse 5.40 a.m; Moon leaves umbra 6.27 a.m; leaves penumbra 8.06 a.m. Magnitude 0.168.

IV. A Total Eclipse of the Sun, September 10, 1923, visible in Canada as a partial eclipse. The path of totality commences south of Kamchatka, thence S.E. across the Pacific Ocean to north end of Lower California crossing Mexico diagonally and bending more easterly following the central line of the Caribbean Sea and ending north of Trinidad.
